

2021 RVNA NEWSLETTER

RVNA adjusted to last year's challenges and postponed our usual in-person social events. Instead, we focused on providing COVID-19 resources via RVNA newsletters, emergency preparedness opportunities, community Town Halls and continued to operate as a liaison between our neighborhood, and South Robertson Neighborhood Council (SORONC), and Los Angeles City offices. Our mission is to continue to improve and enhance the quality of life, neighborhood identity, and overall civic pride for Reynier Village. Feedback and involvement from fellow neighbors is essential to our success! **We invite you to take the survey attached or on the back of this newsletter.**

2021–2022 RVNA Membership

The RVNA membership for 2021 is open (see form & instructions below). Membership is from February 2021 through January 2022. RVNA membership is \$20. An additional \$50 provides APS security patrols (3 per day). A minimum participation by 100 neighbors is required to continue service with APS. In recent years, fewer neighbors have subscribed to the APS service and RVNA is now asking neighbors if they still value this service. Please share your feedback in the new survey.

Dear Reynier Village residents,

Reynier Village Neighborhood Association (RVNA) has been helping build the neighborhood community of 450 households located in Reynier Village since 2005. This robust network was instrumental in our dispute with the strip club and the Verizon cell tower. It is vital that we remain organized and close-knit. Over the past few years, however, membership in the association and patrol service has been declining. Please help RVNA improve its efforts by completing this brief survey.

Check any RVNA events that you have previously participated in and note if you would like them to continue:

APS Security Patrol Service

RVNA would like community input on an upcoming Board vote on whether to continue our patrol service arrangement with APS or cancel it. Due to the low sign-up rate the APS patrol service is no longer cost-effective. Please share your views below.
